

# HELPS

## SMALL GROUP TRAINING

The Helping Literacy with Practice Strategies (HELPS) program is a research-based instructional strategy designed to improve students' reading fluency.

**\$45** Registration Fee  
**\$20** for PENC Members  
**Earn .5 CEU credits!**

100% of your registration fee is donated to the HELPS Education Fund, a North Carolina Educational Nonprofit that works to support teachers, children and schools

### HELPS Small Group Training Overview

Classroom teachers have limited time to offer one-on-one instruction. Therefore, in 2012, HEF developed and evaluated a HELPS Small Group program that can be used with a group of 3-6 students. HELPS has appeared in numerous peer-reviewed scholarly publications evidencing its effectiveness. In short, research shows that HELPS improves students' reading fluency and comprehension in significant ways.

*Teachers who are already implementing HELPS SG are encouraged to participate in this training.*

#### Participants in this training will:

- Learn how to use HELPS Small Group
- Have an opportunity to practice using HELPS Small Group
- Understand implementation considerations for an effective program
- Learn about HELPS coaching and consultation to support implementation
- Learn about HELPS SG implementation integrity and certification
- Receive certificate of completion for CEU credits

#### **Intended Audience:**

Teachers, Instructional Assistants, Reading Specialist, Speech/Language Pathologists, School Psychologist and Counselors, RTI/MTSS Coordinators, Administrators, and Tutors that have previously received training for HELPS One on One
